

## Acts 14 v 8 – 20 'Lystra in Translation'

**Challenge #1: translating the message across language barriers**

**Challenge #2: once translated, people won't like the message**

**Challenge #3: after all that, we might miss the message ourselves**

### **TO THINK AND PRAY ABOUT**

What are the 'language barriers' that affect our evangelism today?  
How does our culture domesticate or decimate our witness?  
What does success look like in God's economy?
